

Dear Friend,

We hope she doesn't!

You can never imagine your grandmother in such a pathetic state, right? Wet, frail and barely enough cloth to cover herself, her dignity? With now here to go, no one to call her own? All alone? Lucky, glad that we don't even know her. Leave alone be related to her.

But sadly 'Amma' (that is how everyone knows her) was anything but lucky. She worked all her life as a maid. Apart from fulfilling her own household duties, she did the washing and cleaning in 18 homes every day, earning just enough to feed her family. But at 85, she had no savings or family to fall back on. Her own family had turned her out. Living in the streets, she was sick, hungry, cold and lonely. Every day she lived, she suffered. There was only one thing she looked forward to in life her death.

Fortunately for 'Amma', she found support and hence a dignified life, through Jeevan Jyoti Sewa Sanstha's adaptation programmed. Jeevan Jyoti Sewa Sanstha will support basic necessities of destitute aged by linking them to a kind- hearted donor like you. You can also support by donating Rs. 9600/- per year (@Rs 800/- per month). We will inform you the details of the person you are helping.
